

IN THE CLAIMS:

Please insert the following header before claim 1:

What is claimed is:

1. (CURRENTLY AMENDED) A reusable packaging for coins or tokens ~~or coins~~ comprising:

a half-cylindrical cradle suitable for holding coins or tokens and formed by an alternation of a first series of half-cylindrical lengthwise sections with a common axis perpendicular to ~~the~~ the plane of the coins or tokens; and ~~of~~ a second series of half-cylindrical lengthwise sections with a common axis set back vertically from the first series, the axes of the first series and the second series being parallel;

two folding flaps arranged longitudinally on either side of the half-cylindrical cradle, ~~these~~ wherein the two folding flaps, which are of a box structure, ~~being and~~ are hinged to the half-cylindrical cradle, and a free edge of each of ~~these~~ the two folding flaps being are each joined in a hinged manner to a cover; and

~~a cover~~ the covers in the form of a cylindrical segment formed by an alternation of a first series of lengthwise sections of cylindrical segments with a common axis perpendicular to the plane of the coins or tokens; and ~~of~~ a second series of lengthwise sections of cylindrical segments with a common axis set back vertically from the first series, wherein the axes of the first series and the second series of lengthwise sections of cylindrical segments ~~being~~ is parallel, the covers corresponding to each of the two folding flaps being mutually engageable, and the half-cylindrical cradle comprising a box-structure foot extending virtually along ~~its~~ a full length.

2. (CURRENTLY AMENDED) ~~Reusable~~ A reusable packaging according to Claim 1, wherein the covers each comprise a longitudinal projection, the longitudinal projections of the ~~two~~ covers being mutually engageable.

3. (CURRENTLY AMENDED) ~~Reusable~~ A reusable packaging according to Claim 1, wherein at least one engageable stud is provided on each of the covers.

4. (CURRENTLY AMENDED) ~~Reusable~~A reusable packaging according to Claim 2, wherein at least one engageable stud is provided on each of the covers.
5. (CURRENTLY AMENDED) ~~Reusable~~A reusable packaging according to Claim 1, wherein at least the lengthwise sections of the second series of the half-cylindrical cradle encircle the coins or tokens around an angle of at least 180°.
6. (CURRENTLY AMENDED) ~~Reusable~~A reusable packaging according to Claim 5, wherein the lengthwise sections of the first series of the half cylindrical cradle encircle the coins or tokens around an angle of at least 180°.
7. (CURRENTLY AMENDED) ~~Reusable~~A reusable packaging according to Claim 3, wherein at least the lengthwise sections of the second series of the half-cylindrical cradle encircle the coins or tokens around an angle of at least 180°.
8. (CURRENTLY AMENDED) ~~Reusable~~A reusable packaging according to Claim 7, wherein the lengthwise sections of the first series of the half-cylindrical cradle encircle the coins or tokens around an angle of at least 180°.
9. (CURRENTLY AMENDED) ~~Reusable~~A reusable packaging according to claim 1, wherein at least one of the covers comprises an external longitudinal tab.
10. (CURRENTLY AMENDED) ~~Reusable~~A reusable packaging according to claim 1, wherein the box-structure foot of the half-cylindrical cradle comprises indications placed on ~~its~~an external surface.
11. (CURRENTLY AMENDED) ~~Reusable~~A reusable packaging according to claim 1, ~~which~~wherein the reusable packaging is made of a plastic chosen from PET, APET and PLA.

12. (CURRENTLY AMENDED) ~~Reusable~~A reusable packaging according to claim 3, wherein the box-structure foot of the half-cylindrical cradle comprises indications placed on ~~its~~an external surface.
13. (CURRENTLY AMENDED) ~~Reusable~~A reusable packaging according to claim 3, ~~which~~wherein the reusable packaging is made of a plastic chosen from PET, APET and PLA.
14. (CURRENTLY AMENDED) ~~Reusable~~A reusable packaging according to claim 5, wherein the box-structure foot of the half-cylindrical cradle comprises indications placed on ~~its~~an external surface.
15. (CURRENTLY AMENDED) ~~Reusable~~A reusable packaging according to claim 5, ~~which~~wherein the reusable packaging is made of a plastic chosen from PET, APET and PLA.
